Space is limited and offered on a space-available basis. Trainings content and speakers are subject to change without notice. The content in any training is provided solely for informational purposes, and no representation is made that the contents are free from error or suitable for use for any particular purpose. Content of any training and other program information is general in nature and not guaranteed or warranted to provide solutions to any specific situation. SoCalGas assumes no responsibility for use of, or reliance on, this information by any party and specifically advises such parties to discuss any decisions for actions related hereto with their own advisors and experts. SoCalGas is not responsible for the views, interpretations or recommendations expressed at any training, which reflect the positions of the presenters. SoCalGas reserves the right to cancel any training. In the event of such cancellation, SoCalGas has no responsibility for non-refundable or other costs incurred by registrants in anticipation of any training. SoCalGas neither endorses any particular manufacturer, vendor, service provider, or presenter discussed at any training nor does it endorse any particular good or service of such manufacturer, vendor, service provider, or presenter. Actual savings obtained in each instance may vary and will depend on various factors, including geographic location, weather conditions, equipment installed, usage rates and so forth. Completing multiple energy-saving measures will not necessarily result in cumulative savings.
