Join the Port of Long Beach for a virtual workshop designed to help vendors understand how to do business with the Port. This session will provide an overview of the Port's contracting process, along with a guided walkthrough of how to navigate PlanetBids, the Port's e-procurement system.

### Attendees will learn how to:

- Understand what the Port procures and where to find upcoming contracting opportunities
- Register and manage an up-to-date vendor profile
- Search for relevant contracting opportunities and access solicitation documents
- Apply for and navigate the Small Business Enterprise (SBE) certification process
- Use the vendor directory to identify SBE/VSBE firms for teaming opportunities
